TITLE	CITED BY	YEAR
Microbiological environmental monitoring in pharmaceutical facility MSED Ashour, MS Mansy, ME Eissa Egyptian Academic Journal of Biological Sciences, G. Microbiology 3 (1), 63-74	49	2011
Distribution of bacterial contamination in non-sterile pharmaceutical materials and assessment of its risk to the health of the final consumers quantitatively ME Eissa Beni-Suef University Journal of Basic and Applied Sciences 5 (3), 217-230	31	2016
Bacterial vs. fungal spore resistance to peroxygen biocide on inanimate surfaces ME Eissa, M Abd El Naby, MM Beshir Bulletin of Faculty of Pharmacy, Cairo University 52 (2), 219-224	31	2014
Assessment of Purified Water Quality In Pharmaceutical Facility Using Six Sigma Tools M Eissa, M Seif, M Fares International Journal of Quality Assurance 6 (2)	29	2015
Dendrogram analysis and statistical examination for total microbiological mesophilic aerobic count of municipal water distribution network system ME Eissa, ER Rashed, DE Eissa HighTech and Innovation Journal 3 (1), 28-36	26	2022
Studies Of Microbial Resistance Against Some Disinfectants: Microbial Distribution & Biocidal Resistance in Pharmaceutical Manufacturing Facility M Eissa LAP LAMBERT Academic Publishing	22	2014
Variable and attribute control charts in trend analysis of active pharmaceutical components: Process efficiency monitoring and comparative study ME Eissa Experimental Medicine (EM) 1 (1), 32-44	21	2018
Drug recall monitoring and trend analysis: a multidimensional study ME Eissa Global Journal on Quality and Safety in Healthcare 2 (2), 34-39	20	2019
Shewhart Control Chart in Microbiological Quality Control of Purified Water and its Use in Quantitative Risk Evaluation ME Eissa UK Journal of Pharmaceutical and Biosciences 4 (1), 45-51	20	2016
Quantitative microbial risk assessment of pharmaceutical products ME Eissa PDA Journal of Pharmaceutical Science and Technology 71 (3), 245-251	18	2017

TITLE	CITED BY	YEAR
Application of statistical process control for spotting compliance to good pharmaceutical practice ME Eissa, AM Abid Brazilian Journal of Pharmaceutical Sciences 54, e17499	17	2018
Application of statistical process optimization tools in inventory management of goods quality: suppliers evaluation in healthcare facility M Eissa, E Rashed Journal of Turkish Operations Management 4 (1), 388-408	16	2020
Control chart in microbiological cleaning efficacy of pharmaceutical facility ME Eissa, AM Mahmoud, AS Nouby Dhaka University Journal of Pharmaceutical Sciences 14 (2), 133-138	16	2015
Application of Laney control chart in assessment of microbiological quality of oral pharmaceutical filterable products ME Eissa Bangladesh Journal of Scientific and Industrial Research 52 (3), 239-246	15	2017
Determination of the microbiological quality of feed city water to pharmaceutical facility: distribution study and statistical analysis ME Eissa Athens J Sci 4 (2), 143-60	14	2017
Microbiological Quality of Purified Water Assessment Using Two Different Trending Approaches: A Case Study M Eissa Sumerianz Journal of Scientific Research	13	2018
Neutralizer evaluation study of some microbial isolates against two strong disinfectants with and without the presence of synthetic detergent ME Eissa, MS Ashour, MS Mansy World Appl Sci J 20, 823-31	12	2012
Evaluation of Microbiological Purified Water Trend using Two Types of Control Chart M Eissa European pharmaceutical review (EPR): Microbiology In-depth focus 23 (5), 36-38	11	2018
Long-term monitoring of Cancer Mortality Rates in USA: A descriptive analysis using statistical process control tools ER Rashed, ME Eissa Iberoamerican Journal of Medicine 2 (2), 55-60	10	2020
The attribute control charts for outbreak trends of selected states in the USA: a brief report of the insight into the pattern M Eissa Int Med 1 (1), 11-4	10	2019
Implementation of Modified Q-Control Chart in Monitoring of Inspection Characteristics with Finite Quantification Sensitivity Limits: A Case Study of Bioburden Enumeration in ...	10 *	

TITLE	CITED BY	YEAR
ME Eissa, ER Rashed, DE Eissa El-Cezeri 8 (3), 1093-1107		
Evaluation and Failure Risk of Microbiological Air Quality in Production Area of Pharmaceutical Plant ME Eissa, AM Mahmoud, AS Nouby RGUHS J Pharm Sci 5 (4), 155-166	10 *	
Quality improvement in routine inspection and control of healthcare products using statistical intervention of long-term data trend M Eissa, E Rashed, DE Eissa Dicle Üniversitesi Fen Bilimleri Enstitüsü Dergisi 10 (2), 163-184	9	2021
Global assessment of morbidity and mortality pattern of CoVID-19: Descriptive statistics overview ER Rashed, ME Eissa Iberoamerican Journal of Medicine 2 (2), 68-72	9	2020
Application of statistical quality control tools for monitoring of pharmaceutical product properties: SISPQ, GxP, pharmaceutical product, drug properties ME Eissa, HS Hamed Biological Sciences-PJSIR 62 (1), 39-48	9	2019
Adulterated pharmaceutical product detection using statistical process control ME Eissa Bangladesh Pharmaceutical Journal 21 (1), 7-15	9	2018
Bioburden Control in the Biopharmaceutical Industry ME Eissa Biopharm International.com 30 (9), 24-27	9	2017
Evaluation of microbial recovery from raw materials for pharmaceutical use M Eissa, A Mahmoud Journal of Food and Pharmaceutical Sciences 4 (1)	9	2016
Precision agriculture using artificial intelligence and robotics M Eissa Journal of Research in Agriculture and Food Sciences 1 (2), 35-35	8	2024
Studies on morbidities and mortalities from COVID-19: Novel public health practice during pandemic periods ME Eissa Asian Journal of Applied Sciences 16 (3), 84-94	8	2023
Implementation of the Pareto principle in focus group generation based on global coronavirus disease morbidity and mortality rates ME Eissa, ER Rashed, DE Eissa Highlights in BioScience 5	8	2022
Evaluation of quality characteristics and process stability for pharmaceutical dosage form using attribute control charts M Eissa, A Abdoh International Journal of Advances in Medical Sciences 1, 9-15	8	2016

TITLE	CITED BY	YEAR
Validation of Spore-Forming Organisms Recovery from Peroxygen-Based Disinfectants M Eissa, A Nouby Journal of Pharmaceutical Research & Clinical Practice 4 (2), 23-32	8	2014
Trending perspective in evaluation of inspection characteristics of pharmaceutical compound: comparative study of control charts ME Eissa Universal Journal of Pharmaceutical Research	7	2023
Establishment of biocidal activity evaluation study protocol in healthcare facility for routine monitoring of antibacterial activity of disinfectants M Eissa Journal of Experimental and Clinical Medicine 39 (4), 939-947	7	2022
Microbiological antibiotic assay validation of gentamicin sulfate using two-dose parallel line model (PLM) ME Eissa, ER Rashed, DE Eissa HighTech and Innovation Journal 2 (4), 306-319	7	2021
Statistical analysis review and lessons learned from recent outbreak trends of highest population density states in USA: Massachusetts, New Jersey and Rhode Island MEA Eissa J Food Chem Nonotechnol 5 (1), 8-19	7	2019
Quality Criteria Establishment For Dissolution Of Ascorbic Acid From Sustained Release Pellets MEAM Eissa Novel Techniques in C Nutrition and Food Science 2 (2)	7	2018
Monitoring of Cryptosporidium spp. outbreaks using statistical process control tools and quantitative risk analysis based on NORS long-term trending M Essam Eissa Microbiology Journal 9 (1), 1-7	7	2017
Study of microbial distribution from different processing stages in purified water production plant of pharmaceutical manufacturing facility M Eissa Research & Reviews: Journal of Microbiology and Virology 6 (1), 31-45	7	2016
Diversity of bacteria in pharmaceutical water: significance and impact on quality M Eissa European pharmaceutical review: Microbiology In-depth focus 20 (3), 54-57	7	2015
Analysis and modeling of morbidity and mortality from coronavirus outbreak in Brazil: A case study of public health challenge using unique statistical tools ME Eissa, ER Rashed Journal of Health Science Research 8 (2), 57-61	6	2023

TITLE	CITED BY	YEAR
Microbiological stability assessment of municipal distribution line using control chart approach for total bioburden count M Eissa, E Rashed, DE Eissa Sağlık Akademisi Kastamonu 8 (2), 363-383	6	2023
Suitability system of microbiological method for Nystatin potency determination in the routine analysis using agar diffusion method. DE Eissa, ER Rashed, ME Eissa	6	2021
Validation of Symmetrical Two-Dose Parallel Line Assay Model for Nystatin Potency Determination in Pharmaceutical Product ME Eissa, E R Rashed, DE Eissa Journal of Advanced Pharmacy Research	6	2021
Study of tellurium-129m (^{129m}Te) ground deposition following Fukushima nuclear disaster: Descriptive analysis of UNSCEAR database using statistical process techniques M Eissa, E Rashed, DE Eissa Mugla Journal of Science and Technology 7 (2), 67-72	6	2021
Statistical Comparison of Parallel-Line Symmetrical Microbiological Models: Analysis of Agar Diffusion Assay in 8 x 8 Large Rectangular Plates ME Eissa, ER Rashed, DE Eissa İstatistik ve Uygulamalı Bilimler Dergisi 2 (2), 48-64	6	2021
Investigation of microbiological quality of water from the feed source to the terminal application in the healthcare facility: A case study ME Eissa Health Research 2 (1), 16	6	2018
Role of statistical process control of pharmaceutical product to monitor consistency of the manufacturing operation ME Eissa EC Pharmacology and Toxicology 6 (6), 439-444	6	2018
Recovery of Gram-Positive Cocci and Candida albicans from Peroxygen/Silver-Based Disinfectants ME Eissa, AS Nouby Polish Journal of Microbiology 65 (1), 13-22	6	2016
Novel Rapid Method In Ecological Risk Assessment Of Air-Borne Bacteria In Pharmaceutical Facility ME Eissa Mahidol University Journal of Pharmaceutical Sciences 43 (3), 115-126	6	2016
Study of antimicrobial power of amphoteric disinfectants of Tego series used in pharmaceutical industry ME Eissa, MAEN Kamel, MM Beshir Egyptian Academic Journal of Biological Sciences, G. Microbiology 6 (1), 17-27	6	2014
ASSESSMENT OF ANTIMICROBIAL ACTIVITY OF NOVEL DISINFECTANT BASED ON PEROXYGEN/BIGUANIDE/ALCOHOL COMBINATION	6	2014

TITLE	CITED BY	YEAR
ME Eissa, MAE Naby, AS Nouby Indonesian J. Pharm. 25 (3), 153 – 163		
Impact of synthetic detergent on sporicidal activity in pharmaceutical facility ME Eissa, MSED Ashour, MS Mansy Egyptian Academic Journal of Biological Sciences, G. Microbiology 5 (1), 43-50	6	2013
Case of preferential selection of attribute over variable control charts in trend analysis of microbiological count in water ME Eissa, ER Rashed, DE Eissa Acta Natura et Scientia 4 (1), 1-9	5	2023
Measuring public health effect of coronavirus disease 2019: A novel perspective in healthcare in pandemic times D Eissa, E Rashed, M Eissa Batı Karadeniz Tıp Dergisi 7 (2), 266-268	5	2023
Descriptive analysis of coronavirus disease cases based on geographical distribution in canadian provinces/territories: Statistical investigation into epidemiological pattern M Eissa Academia Letters	5	2022
Long-Term quantitative assessment of women survivability from cancer: a unique descriptive analysis ER Rashed, ME Eissa Highlights Biosci 3, 1-8	5	2020
Inventory digital management using statistical process control analysis in healthcare industry M Eissa, E Rashed Journal of Business in The Digital Age 3 (2), 123-128	5	2020
Food outbreak: An overview on selected cases over long-term web-based monitoring ME Eissa SM Journal of Nutrition and Metabolism 5 (1), 1029	5	2019
Use of Control Charts as a Quality Control Tool for Monitoring of Microbiological Infection Risk during Surgery: An Expository Case ME Eissa Clinical Journal of Surgery 2 (1), 1-3	5	2019
Statistical process control in the evaluation of microbiological surface cleanliness quality and spotting the defects in clean area of pharmaceutical manufacturing facility ME Eissa, AM Mahmoud, AS Nouby Haya: The Saudi Journal of Life Sciences. 2016; 1 (1): 1 17	5	2016
DEVELOPMENT OF METHODS FOR MICROBIAL RECOVERY: PHARMACEUTICAL DOSAGE FORMS INCLUDING DRUGS WITH ANTIMICROBIAL PROPERTIES (STUDY III) ME Eissa, AM Mahmoud	5	2015

TITLE	CITED BY	YEAR
ejpmr 2 (4), 537-549		
MODELING OF COVID-19 MAJOR OUTBREAK WAVE THROUGH STATISTICAL SOFTWARE: QUANTITATIVE RISK EVALUATION AND DESCRIPTION ANALYSIS ME Eissa, ER Rashed, DE Eissa ESTÜDAM Halk Sağlığı Dergisi 7 (1), 145-161	5 *	
Genus Burkholderia: A Double-Edged Sword with Widespread Implications for Human Health, Agriculture, and the Environment M Eissa Journal of Biological Research and Reviews 1 (2), 79-79	4	2024
Nanosensors for early detection and diagnosis of cancer: a review of recent advances ME Eissa J Cancer Res Rev 1 (1), 1-1	4	2024
Validation of Microbiological Assay Design of Neomycin Sulfate in 30 x 30 cm Rectangular Antibiotica Plate ME Eissa, ER Rashed, DE Eissa Journal of advanced Biomedical and Pharmaceutical Sciences, 54-63	4	2022
A study of morbidity and mortality from COVID-19 in India. DE Eissa, ER Rashed, ME Eissa	4	2022
Principal component analysis in long term assessment of total viable plate count of municipal water distribution network system in healthcare facility M Eissa, E Rashed, D Eissa Environmental Research and Technology 5 (2), 165-171	4	2022
APPLICATION OF STATISTICAL PROCESS CONTROL ON ANALYSIS OF SURGERY-RELATED INFECTION RECORD: AN EXTENDED STUDY OF THREE SELECTED COUNTRIES USING STATISTICAL SOFTWARE ME Eissa Current Trends in Pharmaceutical Research 6 (1), 18-36	4	2019
Long-Term Monitoring of Giardia as an Etiological Agent for Food-Borne Outbreaks in USA: A Brief Report MEAM Eissa Open. J. Nutr. Food. Sci 1, 10-13	4	2019
Application of Attribute Control Chart in the Monitoring of the Physical Properties of Solid Dosage Forms ME Eissa Journal of Progressive Research in Modern Physics and Chemistry (JPRMPC) 3 ...	4	2018
ASSESSMENT OF SPORICIDAL ACTIVITY OF TWO TYPES OF PEROXYGEN/SILVER BASED DISINFECTANTS: A COMPARATIVE STUDY MEA Eissa Journal of Pharmaceutical Technology, Research and Management (JPTRM) 4 (2 ...	4	2016

TITLE	CITED BY	YEAR
Application of control charts in quality characteristics evaluation of microbiological media ME Eissa J. Adv. Res. Pharm. Sci. Pharmacol. Interv 1 (1&2), 1-13	4	2016
A Novel Improved Bioburden Recovery Method Using Swabbing Technique ME Eissa, AM Mahmoud International Journal of Microbiological Research 3 (3), 208-215	4	2012
Mobility of antibiotic resistance through pharmaceutical products ME Eissa Asian Journal of Biological Sciences 11 (2), 98-101	4 *	
Covid-19 kinetics based on reported daily incidence in highly devastated geographical region: A unique analysis approach of epidemic ME Eissa, ER Rashed, DE Eissa Universal Journal of Pharmaceutical Research	3	2022
Avian schistosomes impact on public health: a long-term disease observation M Eissa Annals of Medical Research 26 (8), 1723-4	3	2019
Statistical process control research of toxicological outbreaks in USA: an opinion from long-term web-based trending for selected cases M Eissa MOJ Toxicol 5 (2), 73-6	3	2019
Extended application of statistical process control-quantitative risk assessment techniques to monitor surgical site infection rates MEA Eissa International Medicine 1 (4), 225-230	3	2019
Statistical Process Control and Quantitative Microbiological Risk Assessment Combination in Healthcare Industry ME Eissa Global Journal of Biomedical Science 2 (1), 14-17	3	2018
Minimization of Microbial Infection Risk from Surgery MEA Eissa Open Journal of Surgery 1 (2), 20-23	3	2018
Archaea in Food Microbiology: Are They Really Possible Threat or Not? MEAM Eissa Nov Tech Nutri Food Sci 1 (1)	3	2017
Extended application of dose-response models of infection on injectable insulin products in vials ME Eissa Russian Open Medical Journal 5 (3)	3	2016
Assessment of Modified Preservation Formulae after Optimizing Preliminary Neutralization Evaluation Study M Eissa, A Mahmoud	3	2015
